APPROVAL OF STATE ENGINEER

This is to certify that I have examined the foregoing application, and do hereby grant the same, subject to the following limitations and conditions: This permit is issued subject to all prior rights on the stream system of which this source may be a tributary. The grant is made for the waters of Crowley Creek at such times only as the same may fall, when unmolested in its natural flow, to reach the irrigated lands situated first below the proposed point of diversion named herein. A standard headgate and weir must be installed at or near the point of diversion to facilitate the measurement and control of water. The State reserves the right to regulate the use of the water herein granted at any and all times. It is distinctly understood that applicant agrees to the terms herein contained.

The amount of water to be appropriated shall be limited to the amount which can be applied to beneficial use, and not to exceed One (1.0) cubic foot per second.

Actual construction work shall begin on or before July 24, 1917.

Proof of commencement of work shall be filed before August 24, 1917.

Work must be prosecuted with reasonable diligence and be completed

on or before July 24, 1919.

Proof of completion of work must be filed before August 24, 1919.

Application of water to beneficial use shall be made on or before

November 24, 1922. Proof of the application of water to beneficial

use must be filed with State Engineer on or before December 24, 1922.

Proof of labor filed AUG 15 1917 WITNESS MY HAND AND SEAL this 24th day
